LID CONSTRUCTION CERTIFICATION FORM

Porous Pavement

Page 1 of 2

Project Name: _____ Permit Number: _____

1. Contact the project's assigned LID Inspector at least one (1) day prior to the start of construction on any LID, including excavation for the LID. LIDs installed must be observed by the LID Inspector.
2. Provide the LID Inspector with an estimated schedule for the placement of any of the following: geotextile, stone, storage media, piping, soil, etc.
3. Provide the following information about the LID.

Required Documents	Receipt #	Professional's Initials & Date
Copies of receipts for clean washed stone subbase		
Copies of receipts for clean washed choker coarse stone		
Copies of receipts for batch amounts of porous asphalt/concrete (if applicable)		
As-built Survey (Commercial Only)		

Required Photos	Photo # (one photo per feature)	Professional's Initials & Date
Photos showing excavation protected from sediment during construction (E&S controls around the proposed porous area) **		
Photos showing the bottom of the flat, scarified, non-complicated excavation before installation of geotextile (where applicable, show terracing) **		
Photos showing the placement of underdrain/pipes and connect to overflow, if required **		
Photos showing the excavation area after installation of geotextile (must be visible) and placement of clean washed stone subbase		
Photos showing the installed porous surface (i.e., porous asphalt, concrete, or pavers) (+)		

(+) Obtain Water Quality Easement Survey Plat

****Greenville County Land Development Inspector required****

LID CONSTRUCTION CERTIFICATION FORM

Porous Pavement

Page 2 of 2

By signing this form, the registered professional indicated below certifies that they, or a designee, were present during the required installation associated with the LID listed above, and that, to the best of their knowledge, information, and belief, these measurements are in general accordance with the Approved Plans/Details.

Please note that the elements listed above must be reflected on the project's As-built survey. The Project's Construction Certification Package, which must be submitted with the As-built Survey, must include digital copies of all LID Construction Certification Forms (one per type of LID) and digital copies of the photographs required on these forms.
