LID CONSTRUCTION CERTIFICATION FORM
Vegetated Filter Strip

Page 1 of 2

Project Name: _____ Permit Number: _____

1. Contact the project’s assigned LID Inspector at least one (1) day prior to the start of construction on any LID, including excavation for the LID. LIDs installed must be observed by the LID Inspector.
2. Provide the LID Inspector with an estimated schedule for the placement of any of the following: geotextile, stone, storage media, piping, soil, etc.
3. Provide the following information about the LID.

Required Documents	Receipt #	Professional’s Initials & Date
Copies of receipts for stone (clean washed stone, if required)		
Copies of receipts for filter media mix (if applicable)		
Copy of receipt for the sod type		

Required Photos	Photo # (one photo per feature)	Professional’s Initials & Date
Photos showing filter strip area protected from construction traffic via adequate signage/fencing, and is in good condition (undisturbed)		
Photos of Horizontal location of LID is in accordance with the detail (10’ off building)		
Photo(s) of filter strip protected from construction runoff and sediment **		
Photos of underground pipes and conduits do not cross the vegetated filter strip.		
Photo of showing depth of excavated trench		
Photo of the placement of cleaned washed stone **		
Photo of level spreader		
Photo showing French drain pipe in trench (if applicable) **		
Verify depth of amended soil and scarification per detail.		
Photo showing roof drains draining to the filter strip after the contributing drainage area has been stabilized.		
Photo showing the LID after completion of construction stabilized with vegetation. (+)

****Greenville County Land Development Inspector required****

LID CONSTRUCTION CERTIFICATION FORM
Vegetated Filter Strips
Page 2 of 2

By signing this form, the registered professional indicated below certifies that they, or a designee, were present during the required installation associated with the LID listed above, and that, to the best of their knowledge, information, and belief, these measurements are in general accordance with the Approved Plans/Details.

Please note that the elements listed above must be reflected on the project's As-built survey. The Project's Construction Certification Package, which must be submitted with the As-built Survey, must include digital copies of all LID Construction Certification Forms (one per type of LID) and digital copies of the photographs required on these forms.
