  - A building and land disturbance hold will be placed on each lot until a Land Disturbance Permit has been obtained.

### Review Process:

- ☐ Step One:

The Family Subdivision Plat will be reviewed by Subdivision Administration and Zoning for compliance. If approved, the applicant will be notified to have the Family Subdivision Plat recorded along with the Affidavit at the RMC office and then return to Subdivision Administration.

- ☐ Step Two

The plat will then be routed internally to E911 for addressing and Real Properties for tax map numbers. Please allow 5 days for processing.

- ☐ Step Three

Upon completion of Step 2, Subdivision Administration will place holds on all the lots with Building Codes. All lots will remain on hold until time of development. At that time, appropriate agency approval and a Land Disturbance Permit will be obtained.

- ☐ Step Four

Subdivision Administration will notify the applicant that the lots have been created and a copy of the plat can be picked up from Suite 4600 for their records.

**Note:** Please be advised if your subdivision is creating 5 or more lots at one time and utilizing septic tanks, the subdivision must meet SCDHEC regulations for posting and approval prior to recording. All appropriate documents from DHEC must be submitted as part of the Family Subdivision application.
