

2011-02 COBBLESTONE ROAD BRIDGE DESIGN

PROJECT SCOPE

Cobblestone Road is a local Residential Road that runs from Gilderbrook Road to Lynchester Road, a length of 2,010 feet. There is an existing precast concrete bridge at the Rocky Creek crossing. The bridge deck is 45 feet long by 26 feet wide three (3) 15 feet concrete spans). The scope of work for this project will include but not be limited to performing all design, hydrological analysis and permitting necessary to replace the existing structure with a single span. The structure must satisfy County Floodplain Ordinance requirements.
