### Book B

1785 – 1787

## Reconstructed

## (With Issues Noted)

This is a reconstructed Land Grant Index for Book B. It was checked from the online land grants, and when available, with the documents held online at the South Carolina Department of Archives and History (SCDAH).

Included in this reconstruction are:

- Names not listed in the index but listed in the grants and plats

- Variations of names as shown in plats, plat texts, index, and sometimes SCDAH online documents

- Additions of names in the correct alphabetical index when the name was misspelled or first and last names transposed.

- Some pages were missing in the online plat book and were noted in this reconstruction

- Where issues existed, they were highlighted with comments indicating the nature of the issue. Notably, these included differences in the index and plat text and plat, including date of survey, date of warrant, acres surveyed, and grantee names.

This reconstruction is for family history research purposes and while taken from official Greenville County documents online, is not an official document of Greenville County.
