Mr. Ira A. Gresham,
Register of Mesne Conveyances,
Greenville, S. C.

Dear Sir:-

From time to time recently I have filed with you for recording, deeds made to Messrs. T. C. Gower and W. D. Parrish, involving conveyances with reference to the right of way for U. S. Highway No. 25. In this transaction, Messrs. Parrish & Gower are acting as agents for Greenville County. They are in no way involved personally. The property is held by them in trust for Greenville County. At the proper time a deed will be made by them to the State Highway Department for the entire right of way, other than that conveyed directly to the Department. As it is a County matter, you are authorized not to charge any fees for recording. If we paid for these fees, the County would have to make reimbursement. Therefore, the simplest way is to record these deeds without charge.

Respectfully submitted,

County Attorney.
