Notary Public for Massachusetts

Barbara De Pesa
Deponent Barbara De Pesa

My Commission Expires: May 14, 1971

- (1) No trees to be cut except absolute necessary to install line and working room, any trees cut to be cut into fire wood lengths of 36"/
- (2) Mountain laurel, holly and dogwoods in right of way to be either taken up, bailed and reset in near location or new plants purchased to reset.
- (3) The topography of this right of way to be left in as near the same condition as found and any erosion occurring after installation to be repaired.
- (4) The commission agrees to place an intake connection in said sewer line for the use of the landowner at a point to be designated by the landowner.
- (5) The commission agrees that any manhole placed in said sewer line shall, when the work is finished, stand no higher than 6 inches above the normal surface of the ground at the place where said manhole is placed.
- (6) The commission agrees that the landowner may construct boundary fences and may run irrigation water lines across the right of way granted the commission. The landowner agrees that any irrigation water line crossing the right of way shall either be on the surface of the ground to be laid below the surface of the ground in such a way and at such a depth that it will in no way interfere with the sewer line. The commission further agrees that should it be necessary to move a boundary fence at any time to work on the sewer line, such moving of the fence shall be at the expense of the commission. Right of Way Recorded July 27th., 1964 At 12:14 P.M. #3064
