

feet be constructed on any corner lot that would extend any closer to the street than the front building line of any adjacent lot. Any such wall, fence or hedge proposed to be erected or placed on any such lot whether as part of the architect's residence design or a later addition must receive the approval in writing of the Architectural Committee.

(4) No building site shall have a width of less than 100 feet at a 40-foot set-back line.

(5) No lot shall be recut so as to face in any direction other than as shown on the recorded plat, nor shall it be recut so as to make any building site smaller than is provided for herein.

(6) Nothing contained herein shall be construed to prohibit the use of more than one lot or of portions of one or more lots as a single residential building site, provided such site has a lot width of not less than 100 feet and a 40-foot set-back line and provided said site faces, as required by these restrictions and the recorded plat.

(7) No one-story, split-level or story-and-a-half residence shall be constructed containing less than 2,000 square feet of floor space exclusive of porches, garages and breezeways. In computing the square footage of any split-level residence credit shall be given for one-half the square footage of any basement which is finished and heated. In computing the square footage of any story-and-a-half residence, credit shall be given for one-half the square footage for the area above the ground floor. No two-story residence shall be erected containing less than 1,200 square feet of floor space on the ground floor nor less than 1,000 square feet of floor space on the second floor exclusive of porches, garages and breezeways.

APPROVAL OF PLANS

(1) The Architectural Committee shall be composed of E. R. Taylor and E. R. Taylor, Jr. In the event of death or resignation of either member of said committee, the remaining member
