VOL 1228 ^{PLATE} 384

0 3 8 4

January 13, 1983

Mr. Sam R. Putnam, Jr., AIA
Senior Project Engineer
J.E. SIRRINE COMPANY
Post Office Box 5456
Greenville, South Carolina 29606

Dear Sam:

As a follow up to our meeting on Thursday, January 13, 1983 at the Greenville County Planning Commission Conference Room, I am herewith submitting my conditional approval to the traffic circulation plan for Rolling Green Village as submitted.

As we discussed, there are a few minor revisions to the plan as submitted which should be considered and the site plan re-submitted to reflect these changes at your earliest convenience. These changes include the street alignment, median and pavement widths for streets with median, the geometric design of cul-de-sacs with medians and ninety (90) degree parking adjacent to through streets anticipated to carry moderate to heavy traffic.

I look forward to working with you on the final plan which incorporates these revisions. If you have any further questions pertaining to this site plan, feel free to give me a call.

Sincerely,

Dan Middleton, P.E.
County Traffic Engineer
