Re.: Rolling Green Village

Dear Sam,

We would like to thank you for the opportunity of working with you on this budget. It is certainly an attractive project.

Attached is a brief analysis of your figures as we see them. Basically, we feel that your budget will work if the facility is kept at a "no frills" level. As you told us, your budget is based on a bare cost. We looked at each item on a very general scale; looking at what similar projects have cost us in the past.

We would welcome an opportunity to get more involved in the project and supply you with additional estimates as you and the owner proceed with design.

We look forward to working with you and ask that you call us if we can be of any assistance.

Very truly yours,

Rob Fasciana
